

Duckworks Enterprise AI Data Flow Overview

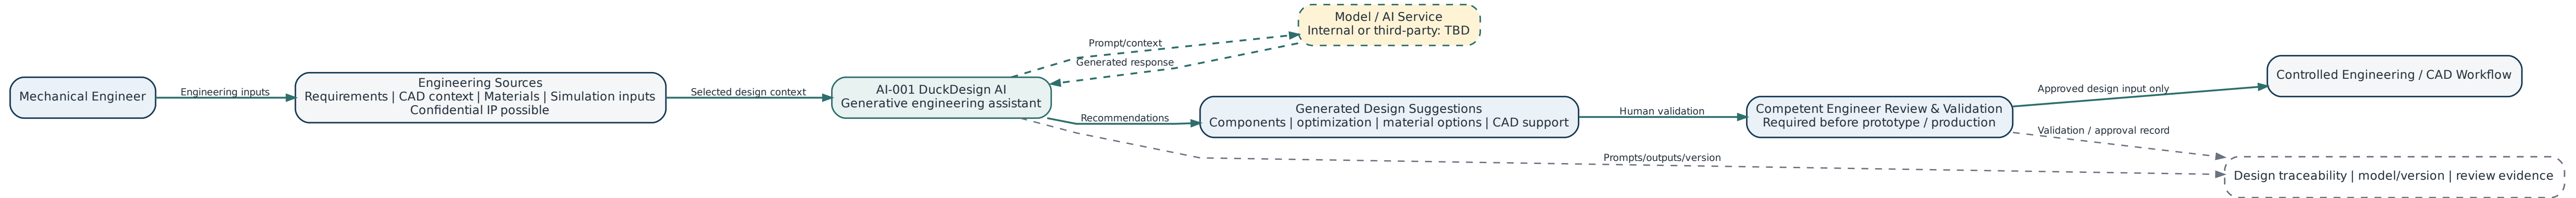

Solid = expected/approved flow | Dashed = conditional or not yet validated

AI-001 DuckDesign AI - Data Flow

Solid = expected/approved flow | Dashed = conditional or not yet validated

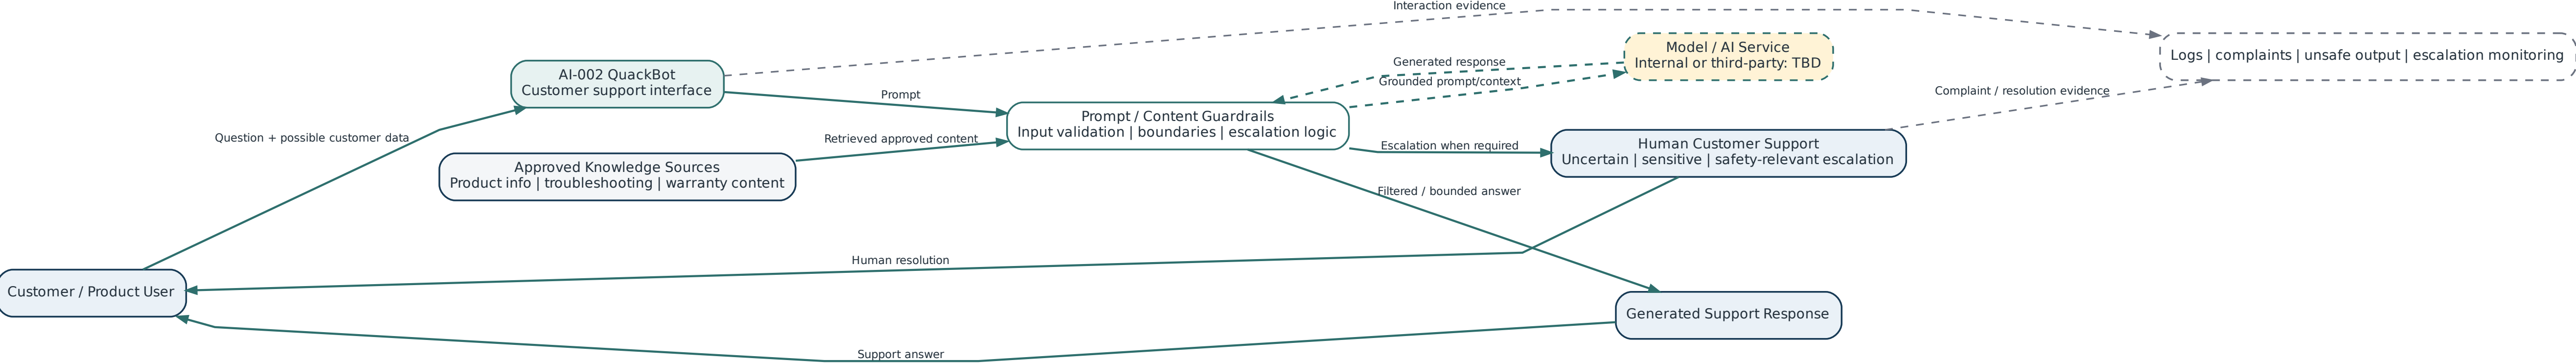

Version 1.0

AI-002 QuackBot - Data Flow

Solid = expected/approved flow | Dashed = conditional or not yet validated

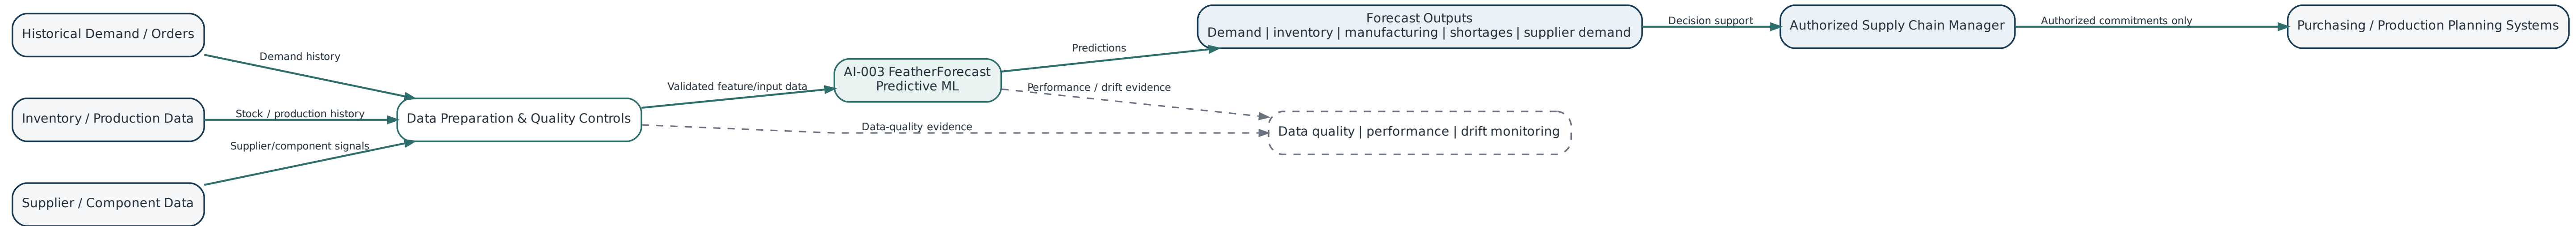

Version 1.0

AI-003 FeatherForecast - Data Flow

Solid = expected/approved flow | Dashed = conditional or not yet validated

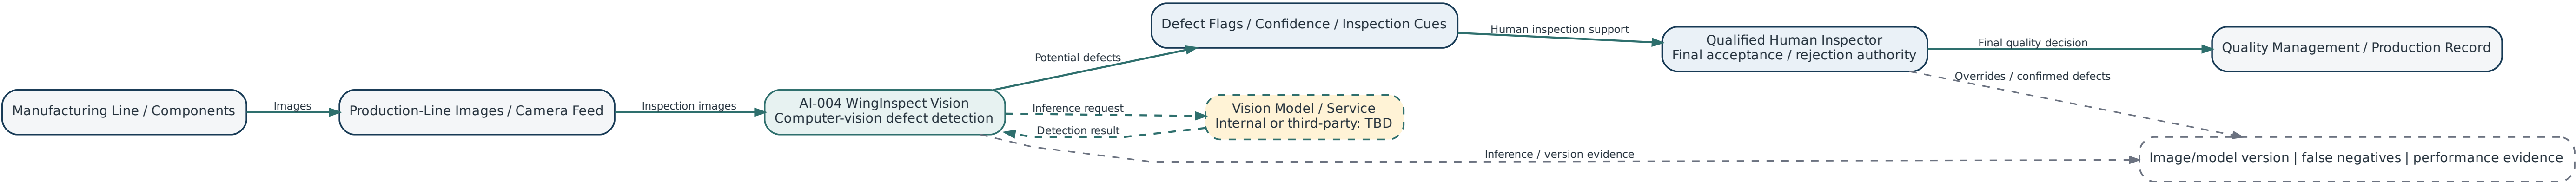

Version 1.0

AI-004 WingInspect Vision - Data Flow

Solid = expected/approved flow | Dashed = conditional or not yet validated

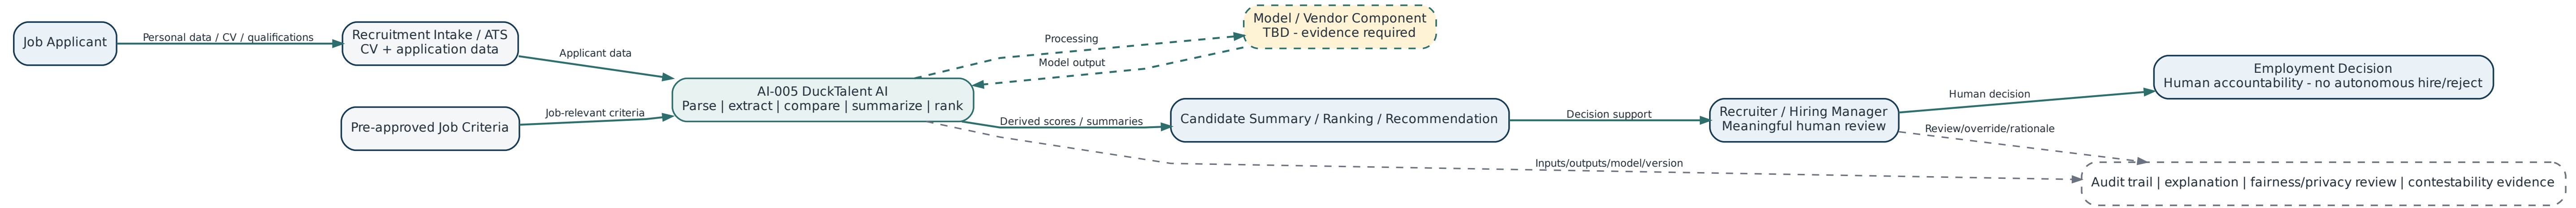

Version 1.0

AI-005 DuckTalent AI - Data Flow

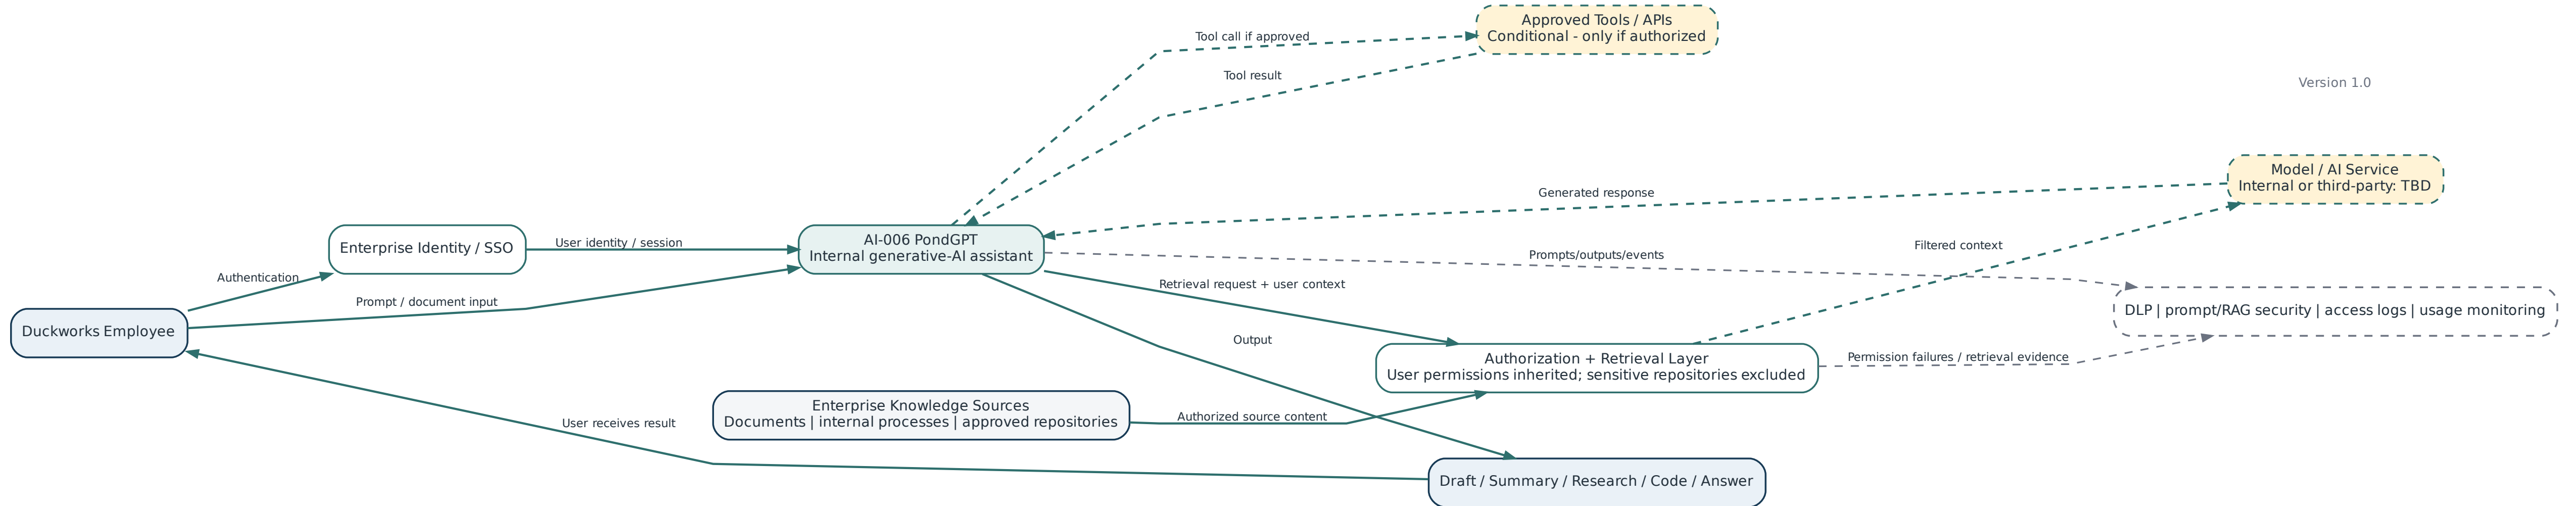

Solid = expected/approved flow | Dashed = conditional or not yet validated

Version 1.0

AI-006 PondGPT - Data Flow

Solid = expected/approved flow | Dashed = conditional or not yet validated

AI-007 Unregistered GenAI Usage - Data Flow

Red dashed = uncontrolled external data flow | Teal = discovery / containment path

Version 1.0
